## FOOTNOTES

Source: Prepared by the United States Treasury Department, Bureau of Accounts, on the basis of reports received from disbursing, collecting, and administrative agencies of the Government.

\*Based on revised budget estimates released October 26, 1964.

\*\*From 1965 Budget Document released January 21, 1964.

<sup>1</sup>This statement contains the final figures showing budget results for the fiscal year ending June 30, 1964. The differences between the final results as shown in this statement and the preliminary figures released in July are due to inclusion in the final accounts of Government disbursing, collecting and administrative agencies of certain receipts and disbursements, including overseas transactions, reports of which were not available when the preliminary statement was released.

<sup>2</sup>Beginning with the Monthly Statement for July 1960, and incorporated in the final statement for the fiscal year 1960 (released December 6, 1960), totals shown for net administrative budget receipts and expenditures exclude certain interfund transactions which are included in the detail of both administrative budget receipts and budget expenditures. The transactions deducted consist

mainly of interest payments to the Treasury by Government corporations and agencies that borrow from the Treasury. This reporting change does not affect the administrative budget surplus or deficit. The interfund transactions deducted under this procedure do not include payments to the Treasury by wholly-owned Government corporations for retirement of their capital stock and for disposition of earnings. These capital transfers have been excluded from administrative budget receipts and expenditures since July 1, 1948.

<sup>3</sup>Totals shown for trust receipts and trust expenditures exclude certain intertrust fund transactions which are included in the detail of both trust receipts and trust expenditures. The transactions deducted consist mainly of financial interchanges between trust funds resulting in receipts and expenditures.
